S.CS UNIVERSAL

The Lightweight

40/12-05 GBP · We retain the right to alter the specifications without giving prior warning

The Trailer Company.

Single a lightweight. Complete 40 ton Transport.

You will be astounded by the lightweight of the new curtainsider trailer from Schmitz Cargobull. Solidly finished and the payload is optimised thanks to the use of aluminium components, which are used wherever they make sense.

Earn more!

Reduce your costs with an excellent capacity utilisation. Save on kilometres, fuel, time and wear with the new Lightweight from Schmitz Cargobull. It will pay off – for both you and the environment.

Leasing

Your new payload runs can be financed very easily, with the flexible leasing offers from Cargobull Finance.

Keep your costs under control.

Our Full-service package: you will receive many important services, such as regular servicing appointments, repairs and tyre service.

Typical Schmitz Cargobull: from Basic to Solid.

Our vehicles are superbly finished and well planned right down to the last detail.

This gives them an especially long and economical working life:

- Rust doesn't have a chance with the hot-galvanised and bolted chassis, thanks to the self-healing capability of materials
- The non-perforated I-beams take the maximum payloads without sagging. And have done for many years.
- The design meets all the demands regarding strength and operation. Naturally it comes with a load safety certificate as well.

We are against stoppages!

You are guaranteed to be mobile with Schmitz Cargobull.

We will look after you wherever you are. Together with more than 700 service partners throughout Europe.
